

Alaska Injury Data Resource Guide

Ref #	Injury Data Set	Type of Data	Agency	Current Contact	Website Link	Can AI/AN data be separated?	Parameter List	Access Level	Years Available	Limitations and Other Notes
MULTIPLE CAUSES OF INJURIES										
1	Alaska Indicator-Based Information System (IBIS) - Explore Datasets	Multiple specific health topics (ex: driving with alcohol, wearing seatbelt) site provided through analysis of multiple data sets	Alaska Division of Public Health, Chronic Disease	David Howell (IBIS-PH@Alaska.gov) 907-465-8234 (Juneau) 907-269-2020 (Anchorage)	http://ibis.dhss.alaska.gov/query/Introduction.html	Y	Varies by indicator and data set: refer to website or BRFSS/CUBS/OCS/PRAMS/YRBS parameter lists	Online public access	Varies by indicator and data set	
2	Alaska Indicator-Based Information System (IBIS) - Indicator Reports	Specific health topics including injuries and prevention provided through pre-defined summary reports using multiple data sources	Alaska Division of Public Health, Chronic Disease	David Howell (IBIS-PH@Alaska.gov) 907-465-8234 (Juneau) 907-269-2020 (Anchorage)	http://ibis.dhss.alaska.gov/indicator/index/Categorized.html	Y	Varies by indicator and data set: refer to website or BRFSS/CUBS/OCS/PRAMS/YRBS parameter lists	Online public access	Varies by indicator and data set	
3	Alaska Health Facilities Data Reporting System (HFDR)	All inpatient, emergency department and outpatient visits from Alaska hospitals	Alaska Division of Public Health, Health Analytics and Vital Records Section (HAVRS)	Tim Homan (tim.homan@alaska.gov) 907-465-8505 (Juneau)	http://dhss.alaska.gov/dph/VitalStats/Pages/HFDR/FAQ-Researchers.aspx	Y	Parameter list or data dictionary available	De-identified case data available with approved data agreement	ER, Outpatient: 2008-2012, 2016-2017 Inpatient: 2001-2012, 2016-2017	Prior to 2016, participation was voluntary and the number of facilities participating varied from 11 to 17 of 25 non-military hospitals, so data are not statewide. In 2016, reporting became mandatory, though military hospitals are not yet participating.
4	Alaska Medicaid Claims	Injury frequency and associated costs for Medicaid patients, including member demographics, service authorizations, code sets, providers, and claims	Alaska Division of Health Care Services, Medicaid	Kristin Delfino (Kristin.delfino@alaska.gov) 907-334-2439 (Anchorage)	http://dhss.alaska.gov/dhcs/Pages/medicaid_medicare/default.aspx	Y	Data regarding members, providers, service authorizations, code sets, and claims. Specific data elements cannot be provided to outside organizations including member and provider PHI/PII	Pre-defined aggregate data summaries provided at no cost; aggregate ad-hoc reports available for a fee. Request data through the Commissioner's public information office	2014 to present	Full list of data elements not available for public use
5	Alaska Native Medical Center (ANMC) Trauma Registry	Injured patients admitted to ANMC, held for observation, transferred to an acute care hospital, or declared dead in the ED, including trauma, poisoning, suffocation, and the effects of temperature	Alaska Native Tribal Health Consortium	Angeline Washington (alwashington@anthc.org) 907-729-2714 (Anchorage) Daniel Whitson (dwhitson@anthc.org) 907-729-3086 (Anchorage) Lucinda Crow (ljcrow@anthc.org) 907-444-1557 (Anchorage)		Y	Parameter list or data dictionary available	De-identified case data available with approved data agreement	1991 to present	Data are the same as what is included in the Statewide Trauma Registry, but are available from ANMC one to two months after the hospital admission: statewide data are available 1-1.5 years after hospitalization
6	Alaska Occupational Disease and Injury Surveillance System (AKODISS)	Fatal disease, injury, or other condition of public health importance known or suspected to result from the person's occupation or work activities occurring in Alaska	Alaska Division of Public Health, Epidemiology	Deborah Hull-Jilly (deborah.hull-jilly@alaska.gov) (epi-injury@alaska.gov) 907-269-8078 (Anchorage)	http://dhss.alaska.gov/dph/Epi/injury/Pages/occupation_injury/default.aspx	Y	Refer to available data collection form	Aggregate data summaries provided based on parameters of interest. Some users may be able to receive de-identified case data.	1992 to present	Case data request must fall within State of AK confidentiality and data release protocols: refer to: http://dhss.alaska.gov/dph/Epi/Documents/confidentiality/SOE_ConfidentialityPPData.pdf
7	Alaska Occupational Injury Surveillance System (AOISS)	Traumatic occupational fatalities occurring within Alaska, including those due to acute, not chronic, toxic effects	Centers for Disease Control and Prevention, National Institute for Occupational Safety and Health	Devin Lucas (dllucas@cdc.gov) 907-271-2386 (Anchorage)		Y	Parameter list or data dictionary available	Aggregate data summaries provided based on parameters of interest	1990 to present	

Ref #	Injury Data Set	Type of Data	Agency	Current Contact	Website Link	Can AI/AN data be separated?	Parameter List	Access Level	Years Available	Limitations and Other Notes
8	Alaska Syndromic Surveillance	Potential outbreaks and health problems using Alaska hospital emergency department data	Alaska Division of Public Health, Epidemiology	Anna Frick (anna.frick@alaska.gov) 907-269-8000 (Anchorage) Louisa Castrodale (louisa.castrodale@alaska.gov) 907-269-8002 (Anchorage)	http://dhss.alaska.gov/dph/Epi/id/Pages/synd_surv/default.aspx	Y	Parameter list or data dictionary available	De-identified case data may be available with approved data agreement, with specific permission	2014 for first facility, ANMC in 2015, most hospitals by 2017	Enables real-time identification of cases and outbreak
9	Alaska Trauma Registry (ATR)	Injured patients admitted to an Alaska hospital, held for observation, transferred to an acute care hospital, or declared dead in the Emergency Department, including trauma, poisoning, suffocation, and the effects of temperature	Alaska Division of Public Health, Rural and Community Health Systems	Curtis Murray (curtis.murray@alaska.gov) Wendy Allen (wendy.allen@alaska.gov) 907-334-2175 (Anchorage)	http://dhss.alaska.gov/dph/Emergency/Pages/trauma/registry.aspx	Y	Parameter list or data dictionary available	De-identified case data available with approved data agreement	1991 to present (2016 most recent)	Changes in data system (2009) and ICD codes (2015) need to be accommodated during data analysis
10	Alaska Trooper Incident Data	Offender, violation, and substance involvement from reported Trooper incidents; no narrative or circumstance details	Alaska Department of Safety, Public Information Office	Kathy Monfreda (kathryn.monfreda@alaska.gov) 907-269-5581 (Anchorage)		Some (<50% of cases have race listed)	Parameter list or data dictionary available	Limited de-identified case data available with approved data agreement. For detailed reports, ongoing data sharing agreement might be needed and fees might be charged	2012 to present	Best used for case identification only: full Alaska State Trooper report is needed for circumstance details
11	Alaska Trooper Daily Dispatch	Daily Trooper activities around the state, including death circumstances, provided through brief narratives	Alaska Department of Safety, Public Information Office	Public Information Office 907-269-5511 (Anchorage)	https://dps.alaska.gov/dailydispatch/	Some	N/A (Narrative of incident only)	Online public access	Only one year of data (going back from the date of access) is available	Best used for case identification only: full Alaska State Trooper report is needed for circumstance details
12	Alaska Uniform Response Online Reporting Access (AURORA) EMS data	Transportation and care of patients by Alaska certified Emergency Medical Service providers during transport to hospitals	Alaska Division of Public Health, Rural and Community Health Systems	Todd McDowell (Todd.McDowell@alaska.gov) 907-465-8634 (Juneau)	https://emsdata.chems.alaska.gov/	Y	Parameter list or data dictionary available	Aggregate data summaries provided based on parameters of interest. De-identified case data may potentially be available with approved data agreement	2010 to present	Approximately 60% of medical transportation services report to AURORA. Majority of services not reporting are air transport
13	Alaska Violent Death Reporting System (AKVDRS)	Violent deaths, using multiple sources linked to describe circumstantial and environmental factors that contribute to the deaths including characterization of perpetrators; toxicology is determined for some cases	Alaska Division of Public Health, Epidemiology	Deborah Hull-Jilly (deborah.hull-jilly@alaska.gov) 907-269-8078 (Anchorage) Scott Saxon (william.saxon@alaska.gov) 907-269-8050 (Anchorage)	http://dhss.alaska.gov/dph/Epi/injury/Pages/akvdrs/default.aspx	Y	Parameter list or data dictionary available	De-identified case data available with approved data agreement; online public access to aggregate data will be available in the future through IBIS and InstantAtlas	2003 to present	Case data request must fall within State of AK confidentiality and data release protocols: refer to: http://dhss.alaska.gov/dph/Epi/Documents/confidentiality/SOE_ConfidentialityPPData.pdf
14	Alaska Vital Records (AKVR)	Demographics and causes of death for all reported deaths in Alaska, including injury deaths	Alaska Division of Public Health, Health Analytics and Vital Records (HAVR)	Rebecca Topol (rebecca.topol@alaska.gov) 907-465-8604 (Juneau) Clint Farr (clint.farr@alaska.gov) 907-465-8610 (Juneau)	http://dhss.alaska.gov/dph/VitalStats/Pages/data/default.aspx	Y	Parameter list or data dictionary available	De-identified case data available with approved data agreement	Using 1989 Death Cert: 1970-2014 Using 2003 Death Cert: 2014 to present	

Ref #	Injury Data Set	Type of Data	Agency	Current Contact	Website Link	Can AI/AN data be separated?	Parameter List	Access Level	Years Available	Limitations and Other Notes
15	Alaska Workers' Compensation Injury data (AKWC)	Injuries and illnesses occurring to payrolled private sector and state workers in Alaska	Centers for Disease Control, National Institute for Occupational Safety and Health	Devin Lucas (dllucas@cdc.gov) 907-271-2386 (Anchorage)		N	Parameter list or data dictionary available	This data set is in development. When ready, aggregate data summaries based on parameters of interest may be requested	2014-2015	No race parameter in dataset: use for state trends only
16	Behavioral Risk Factors Surveillance System (BRFSS)	Self-reported health-related lifestyle choices of adults, including safety behaviors	Alaska Division of Public Health, Chronic Disease	Sam Hyde-Rolland (sam.hyde-rolland@alaska.gov) 907-269-8127 (Anchorage)	http://www.hss.state.ak.us/dph/chronic/hsl/brfss/	Y	Parameter list or data dictionary available	De-identified case data available with approved data agreement; online public access to aggregate data through IBIS and InstantAtlas	1991 to present	Data are collected through a phone survey
17	Childhood Understanding Behaviors Survey (CUBS)	Health and early childhood experiences, including safety/ domestic violence/off-road vehicle use information	Alaska Division of Public Health, Women's, Children's and Family Health	Margaret Young (margaret.young@alaska.gov) 907-269-5657 (Anchorage)	http://dhss.alaska.gov/dph/wcfh/Pages/mchepi/cubs/default.aspx	Y	Parameter list with partial descriptions available	De-identified case data available with approved data agreement; online public access to aggregate data through IBIS	2008 to present	Survey questions change every few years. Data collected through a mail and phone survey of mothers of 3-year-olds
18	Education and Research Towards Health (EARTH) Study	Health-related risk and protective factors, including safety behaviors and alcohol use, among Alaska Native people	Alaska Native Tribal Health Consortium and National Cancer Institute	Tim Thomas (tkthomas@anthc.org) 907-729-1900 (Anchorage)	http://anthctoday.org/epicenter/publications/Reports_Pubs/AK_databook_10-12-2010.pdf http://anthctoday.org/epicenter/publications/Reports_Pubs/All_Alaska_May072009.pdf	Y	Parameter list developed from data collection form/survey	Online public access to study population	2004 to 2006	Data include Southeast, South Central and Yukon-Kuskokwim regions of Alaska
19	Instant Atlas / Informed Alaskans	Multiple specific health topics, provided through maps and charts, using BRFSS, YRBS, and Student Weight Status Surveillance System (SWSS) data	Alaska Division of Public Health, Center for Health Data and Statistics	David Howell (IBIS-PH@alaska.gov) 907-465-8234 907-269-2020 (Anchorage)	http://dhss.alaska.gov/dph/InfoCenter/Pages/ia/instant-atlas.aspx	Y	Varies by indicator and data set: refer to website or BRFSS/YRBS parameter lists	Online public access	Varies by indicator and data set	Users select regional divisions, survey questions of interest, and race to create graphic results
20	National College Health Assessment (NCHA)	Self-reported behaviors of college students, at participating colleges, on mental illness, injury prevention, drug/alcohol use, suicide	American College Health Association	Christine Kukich (ckukich@acha.org) 443-270-4563 (Maryland)	http://www.acha-ncha.org/survey.html	-Y (AN/AI/NH)	Refer to available data collection form: form updated every few years	Participating universities may receive datasets for their schools; aggregate reports are publicly available online. With membership and approved data request, researchers may receive analyzable datasets for aggregated schools for selected (not all) parameters	2000 to present	Not possible to identify data by individual state; data are grouped by region (e.g. the western region = AK, AZ, CA, CO, HI, ID, MT, NV, NM, OR, UT, WA, and WY)
21	National Data Warehouse (NDW)	Indian Health Services user population patient registrations and medical encounter summaries	Indian Health Service; Alaska Area office	Diana Roberts (diana.roberts@ihs.gov) 907-729-3665 (Anchorage)	https://www.ihs.gov/NDW/	Y	Parameter list or data dictionary available	De-identified case data available with agency contract; public access to already-generated aggregate summaries	Early 1970's to present	Requests for aggregate summaries may only be satisfied if a pre-existing ("canned") report is available. Certain customized aggregate summaries may be available

Ref #	Injury Data Set	Type of Data	Agency	Current Contact	Website Link	Can AI/AN data be separated?	Parameter List	Access Level	Years Available	Limitations and Other Notes
22	Pregnancy Risk Assessment Monitoring System (PRAMS)	Maternal attitudes and experiences before, during, and after pregnancy, including multiple safety behaviors (e.g. abuse, alcohol, car seats)	Alaska Division of Public Health, Women's, Children's and Family Health	Kathy Perham-Hester (kathy.perham-hester@alaska.gov) 907-269-3447 (Anchorage)	http://dhss.alaska.gov/dph/wcfh/Pages/mcheppi/prams/default.aspx	Y	Refer to available data collection form	De-identified case data available with approved data agreement; online public access to aggregate data through IBIS and InstantAtlas	1991 to present (most recent 2015)	
23	Violent Death Reporting System (VDRS)	Violent deaths, provided from multiple sources, including state and local medical examiner, coroner, law enforcement, toxicology, and vital statistics records	Centers for Disease Control and Prevention, National Center for Injury Prevention and Control	800-CDC-Info (Georgia)	https://www.cdc.gov/violenceprevention/nvdrs/index.html	Y	Parameter list developed from form on website	Online public access	2003 to 2015 (Alaska)	
24	Web-based Injury Statistics Query and Reporting System (WISQARS)	Fatal and nonfatal injury, violent death, and cost of injury provided from a variety of sources	Centers for Disease Control and Prevention, National Center for Injury Prevention and Control	800-CDC-Info (Georgia)	https://www.cdc.gov/injury/wisqars/index.html	Fatal: Y Non-Fatal: N	Parameter list developed from data collection form/survey	Online public access	1981 to present (2016 most recent)	Limited non-fatal data: No Alaska Native/American Indian category or state-specific data available for non-fatal injuries, use for national comparison data
25	Wide-ranging ONline Data for Epidemiologic Research (WONDER)	U.S. births, deaths, cancer, TB cases, vaccinations, environmental exposures, population estimates, and other topics	Centers for Disease Control and Prevention, National Center for Surveillance, Epidemiology, and Laboratory Services	800-CDC-Info (Georgia)	https://wonder.cdc.gov/	Y	Parameter list developed from data collection form/survey	Online public access	1999 to present (2016 most recent)	Produces tables, maps and bar charts for comparisons
26	Youth Risk Behavior Survey (YRBS)	Self-reported behaviors related to safety, violence, suicide and mental health, tobacco use, alcohol use, drug use, physical activity, weight status, nutrition, and sexual activity collected using a school-based youth survey	Alaska Division of Public Health, Chronic Disease	Tazlina Mannix (Tazlina.Mannix@alaska.gov) 907-269-8107 (Anchorage)	http://dhss.alaska.gov/dph/chronic/pages/yrbs/yrbs.aspx	Y	Refer to available data collection form	Online public access to statewide traditional schools, statewide alternative schools, and local YRBS queryable datasets via AK-IBIS. Result also available in maps, time series charts, graphs, and a tabular format via InstantAtlas Health Maps. De-identified datasets are available with an approved YRBS data use agreement	Statewide traditional high school results: 1995, 2003, biennially 2007 to present. Statewide alternative high school results: biennially 2009 to present. Local results: biennially 2003 to present	Statewide datasets are only used to generate statewide estimates. Local dataset can be used to generate regional and school district estimates
BOATING SAFETY AND DROWNING										
27	Alaska Drowning Surveillance System (AKDSS)	Demographics and circumstances on drowning deaths that occur in Alaska	Alaska Division of Public Health, Epidemiology	Deborah Hull-Jilly (deborah.hull-jilly@alaska.gov) (epi-injury@alaska.gov) 907-269-8078 (Anchorage)	http://dhss.alaska.gov/dph/Epi/injury/Pages/Drowning.aspx	Y	Parameter list or data dictionary available	Aggregate data summaries provided based on parameters of interest. De-identified case data may be available to some users with approval	2000 to present	Watercraft-associated information limited after 2008. Case data request must fall within State of AK confidentiality and data release protocols: refer to: http://dhss.alaska.gov/dph/Epi/Documents/confidentiality/SOE_ConfidentialityPPData.pdf

Ref #	Injury Data Set	Type of Data	Agency	Current Contact	Website Link	Can AI/AN data be separated?	Parameter List	Access Level	Years Available	Limitations and Other Notes
28	Boating Accident Report Database (BARD)	State vessel registration and recreational boating accidents, including injuries, fatalities, and property loss	Alaska Office of Boating Safety	Joe McCullough (joseph.mccullough@alaska.gov) 907-269-8704 (Anchorage)	http://www.uscgboating.org/statistics/accident_statistics.php	N	Refer to available data collection form	Aggregate data summaries provided based on parameters of interest. De-identified case data may be available to some users with approval	1998 to present (some improvement in data collection in 2004)	Data are self-reported using the form: some cases are also identified through Alaska State Troopers Daily Dispatch. Additional case details acquired using full Trooper reports
29	Commercial Fishing Incident Database (CFID)	Workplace fatalities and vessel disasters in the U.S. commercial fishing industry	Centers for Disease Control, National Institute for Occupational Safety and Health	Samantha Case (scase@cdc.gov) 907-271-1569 (Anchorage)	https://www.cdc.gov/niosh/topics/fishing/projects.html	Y	Parameter list or data dictionary available	Aggregate data summaries provided based on parameters of interest	2000 to present	
30	Fisherman's Fund Injury Data	Workplace injuries for Alaska Commercial Fishermen who have filed claims for medical benefits	Alaska Division of Worker's Compensation, Fisherman's Funds	Velma Thomas (velma.thomas@alaska.gov) 907-465-6045 (Juneau)	http://www.labor.state.ak.us/wc/ffund.htm	N	Parameter list developed from data collection form/survey	De-identified case data available to public; fees applied if data extraction takes more than 5 hours. To obtain data, requestor should submit a public records request to the Division on its prescribed form 07-6122	1990 to 2014	Payor of last resort for injury medical treatment for fishermen who do not qualify for Workers Compensation
31	Marine Information for Safety and Law Enforcement (MISLE)	US Coast Guard vessel boardings, facility inspections, marine casualty investigations, law enforcement actions, and search and rescue operations	US Coast Guard	Mike Folkerts (Michael.R.Folkerts@uscg.mil) 907-463-2297 (Juneau)	https://cgmix.uscg.mil/PSIX/	n/a		No direct access to data: NIOSH extracts data for occupational events and inputs it into the Commercial Fishing Incident Database		Refer to Commercial Fishing Incident Database data

TRANSPORTATION, INCLUDING EMERGENCY MEDICAL SERVICE (EMS) AND MEDIVAC

32	Alaska Driver Safety Phone Survey	Self-reported driver behavior including type of vehicle, distances driven, distractions experienced	Safe Alaskans	Marcia Howell (marcia.howell@safealaskans.org) 907-929-3939 (Anchorage)	http://safealaskans.org/	Y	Refer to available data collection form	Aggregate data summaries provided based on parameters of interest	2010 to present	
33	Alaska Motor Vehicle Crash Data	Details on motor vehicle crashes on public roadways in Alaska	AK Dept. of Transportation and Public Facilities	Tammy Kramer (tammy.kramer@alaska.gov) 907-465-8944 (Juneau)	No on-line access	N	Parameter list or data dictionary available-crash type, person injury, crash circumstance, vehicle information, roadway attributes, etc.	Non-confidential data available upon request.	Mid 1970's to present	To be included in the data set, a crash must involve a motor vehicle (including ATVs and snowmachines) traveling on a roadway customarily open to the public and must result in the death of at least one person within 30 days of the crash. Do not collect VIN numbers.
58	Alaska Vehicle Volume and Class Data	Motor vehicle counts and class data. Includes average annual daily traffic, vehicle miles of travel, percentage of trucks/passenger vehicles/motorcycles/etc.	AK Dept. of Transportation and Public Facilities	Jill Sullivan (jill.sullivan@alaska.gov) 907-465-8592 (Juneau)	http://www.dot.alaska.gov/stwdplng/transdata/traffic.shtml	N	Volume and class provided by route. Statewide and Regional VMT's available.	Full Access	Mid 1970's to present	The most requested vehicle volume statistics is the Average Annual Daily Traffic and Vehicle Miles of Travel (VMT). For vehicle class, can provide percentage of vehicles by type.

Ref #	Injury Data Set	Type of Data	Agency	Current Contact	Website Link	Can AI/AN data be separated?	Parameter List	Access Level	Years Available	Limitations and Other Notes
34	Fatality Analysis Reporting System (FARS)	All known motor vehicle crashes where there is at least one fatality, including demographics, safety gear use, and substance use	National Highway Traffic Safety Administration	Miles Brookes (miles.brookes@alaska.gov) 907-465-8532 (Juneau)	https://www-fars.nhtsa.dot.gov/Main/	Y	Parameter list developed from data collection form/survey	Online public access	1994 to present (data for a specific year are available one year after the end of the specified year)	To be included in the data set, a crash must involve a motor vehicle traveling on a roadway customarily open to the public and must result in the death of at least one person within 30 days of the crash
35	National EMS Information System (NEMSIS)	Emergency Medical Service transport agency, certifications, locations, vehicle used, staff involved, devices used, facility, time tracking, patient info, labs, vitals, injury/ailment	National Highway Traffic Safety Administration and University of Utah	Clay Mann (clay.mann@hsc.utah.edu) 801-585-9161 (Utah)	http://www.nemsis.org/	Y	Parameter list or data dictionary available	Online public access to summary reports	Immediate access reports and data available for 3 years prior to the present date. Retrieval of data from 2010 forward potentially possible with special approval	Use for national comparisons. Single-state data not available through NEMSIS; refer to AURORA
36	Occupant Protection Use Survey (OPUS)	Seatbelt use and cell phone use in selected Alaska cities collected through observations surveys	Safe Alaskans	Marcia Howell (marcia.howell@safealaskans.org) 907-929-3939 (Anchorage)	http://safealaskans.org/	N	Parameter list or data dictionary available	Aggregate data summaries provided based on parameters of interest	2005 to present	

SUBSTANCE MISUSE AND POISONING

37	Alaska Poison Center contact data	Calls to the Alaska Poison Center, including categories of exposure substances, patient management information and demographic information	Alaska Poison Center, Oregon Health and Science University	Fiorella Carhuaz (carhuaz@ohsu.edu) 503-494-2196 (Oregon)	http://www.ohsu.edu/xd/out-reach/oregon-poison-center/alaska-poison-center.cfm	N (can estimate from community)	Parameter list developed from data collection form/survey	Aggregate data summaries provided based on parameters of interest	2002 to present	
38	Alaska Prescription Drug Monitoring Program (PDMP)	Prescribing trends (individual and statewide), including information regarding each prescription dispensed for a federally scheduled II - IV controlled substance	Alaska Department of Commerce, Community, and Economic Development/ Board of Pharmacy	Laura Carillo (akpdmp@alaska.gov) 907-269-8404 (Anchorage)	https://www.commerce.alaska.gov/web/cbpl/ProfessionalLicensing/PrescriptionDrugMonitoringProgram.aspx	n/a		No public access to data; DHSS staff named by the Commissioner can be given access to regional data effective June 7, 2018. Refer to Alaska Opioid Data Dashboard for aggregate reports		
39	Local Option Communities list	Alcohol use or sale restrictions and the type of restriction in force in specific communities in Alaska	Alaska Department of Commerce, Community, and Economic Development, Alcohol & Marijuana Control Office (AMCO)	Jed Smith (alcohol.licensing@alaska.gov) 907-269-0350 (Anchorage)	https://www.commerce.alaska.gov/web/amco/AlcoholLocalOption.aspx	n/a	Three parameters: Community name, Map location, Type of option law	Online public access	2016	

Ref #	Injury Data Set	Type of Data	Agency	Current Contact	Website Link	Can AI/AN data be separated?	Parameter List	Access Level	Years Available	Limitations and Other Notes
40	Alcohol Epidemiologic Data System (AEDS)	Rates of alcoholic beverage consumption, alcohol use disorders, and alcohol-related Emergency Department and hospital visits provided through secondary survey data for use in scientific reports	National Institute of Health, National Institute of Alcohol Abuse and Alcoholism (NIAAA)	NIAAA webmaster (niaaaweb-r@exchange.nih.gov) 888-MY-NIAAA 888-696-4222 (Maryland)	https://pubs.niaaa.nih.gov/OrderForm/EncForm/Data_Directory https://pubs.niaaa.nih.gov/publications/surveillance.htm	N	Varies by report	Online public access to national or statewide data in: aggregate data reports on various alcohol-related health concerns, national data sets with state-level (not individual case) data for analysis	Varies by report; some data available as early as 1982	
41	Drug Abuse Warning Network (DAWN)	Emergency Department visits both directly caused by drugs and those in which drugs are a contributing factor but not the direct reason for the Emergency Department visit	Substance Abuse and Mental Health Services Administration, Center for Behavioral Health Statistics and Quality	Help Desk 240-276-1250 (Maryland)	https://www.datafiles.samhsa.gov/study-series/drug-abuse-warning-network-dawn-nid13516	N	Parameter list or data dictionary available	Online public access to case data files and aggregate data summaries	2004 to 2011	Use for national comparison data. No Alaska Native/American Indian category or state-specific data available
42	National Survey of Substance Abuse Treatment Services (N-SSATS)	Location, characteristics, and use of alcohol and drug abuse treatment facilities and services in the US.	Substance Abuse and Mental Health Services Administration, Data Archive	Help Desk 877-726-4727 888-741-7242 (Maryland)	https://www.dasis.samhsa.gov/dasis2/nssats.htm https://www.dasis.samhsa.gov/webt/newmapv1.htm	Y	Parameter list or data dictionary available	Online public access to analyzable facility-specific data sets and aggregate data summaries	1997 to 2015 (Analysis data) 2002 to 2016 (Summary Tables) 1975 to 2017 (Facility Directories)	Limitations: survey is voluntary. In AK, 95% or more participate
43	National Survey on Drug Use and Health (NSDUH)	Use of illicit drugs, alcohol, tobacco and mental health issues and related treatment among the US population aged 12 or older	Substance Abuse and Mental Health Services Administration, Data Archive	Help Desk 877-726-4727 888-741-7242 (Maryland)	https://www.datafiles.samhsa.gov/ http://pdas.samhsa.gov/#/?_k=07zi3u https://rdas.samhsa.gov/#/	N	Parameter list or data dictionary available	De-identified case data available with approved data application from qualified receiving organizations; online public access to public-use data files and aggregate data	2002 to present	Based on self-report data from a different set of survey-takers each year. Numbers are estimates based on sample size chosen to provide sufficient statistical significance
44	Alaska Opioid Data Dashboard	Opioid use in Alaska: Emergency Department overdose visits, arrests, Prescription Drug Monitoring Program participation, Naloxone/Narcan use	Alaska Division of Public Health, Office of Substance Misuse and Addiction Prevention (OSMAP)	Heidi Lengdorfer (heidi.lengdorfer@alaska.gov) (osmap@alaska.gov) 907-465-8643 (Anchorage)	http://dhss.alaska.gov/dph/Director/Pages/heroin-opioids/data.aspx	N (not at this time)	Varies by indicator and data set: refer to website	Online public access to data dashboard with pre-developed reports and fact sheets	2017-2018	Alaska Native-specific data may be generated for dashboard in future; if frequencies are too small, data cannot be reported due to requirements to protect individual identities
45	Alaska Prescription and Illicit Drug Overdose Surveillance	Fatal drug overdoses	Alaska Division of Public Health, Epidemiology	Deborah Hull-Jilly (deborah.hull-jilly@alaska.gov) 907-269-8078 (Anchorage)	http://dhss.alaska.gov/dph/Epi/injury/Pages/Drug-Overdose.aspx	Y	Parameter list or data dictionary available (see VDRS parameter list)	Pre-defined aggregate data summaries will be available through Instant Atlas. Aggregate data summaries provided based on parameters of interest. Some users may be able to receive de-identified case data: see notes.	2016	Case data request must fall within State of AK confidentiality and data release protocols: refer to: http://dhss.alaska.gov/dph/Epi/Documents/confidentiality/SOE_ConfidentialityPPData.pdf

Ref #	Injury Data Set	Type of Data	Agency	Current Contact	Website Link	Can AI/AN data be separated?	Parameter List	Access Level	Years Available	Limitations and Other Notes
46	Substance Abuse Prevention Planning and Epidemiology Tool (SAPPET)	Behavioral health indicators compiled from 11 national data sources; available by state	Center for Application of Prevention Technologies (CAPT)	Sandeep Kasat (SandeepKasat@Westat.com) 301-517-4048 (Maryland) Victoria L. LeGarde (vlegarde@casat.org) 775-682-8554 (Nevada)	https://sappet-epi.com/new/home.asp	Y	Varies by indicator and data set: data are categorized into substance-related consequences, consumption patterns, and associated risk and protective factors	Online access with password (SAPPET) to: aggregate data reports, data from TEDS and BRFSS data sets for analysis	2010-2012	Race is only identifiable in the raw data for analysis; aggregate data reports include data for all races combined
47	Treatment Episode Data Set (TEDS)	Admission and discharge frequencies for substance misuse to licensed treatment facilities that report to the state (typically those that receive State alcohol and/or drug agency funds)	Substance Abuse and Mental Health Services Administration, Data Archive	Help Desk 877-726-4727 888-741-7242 (Maryland)	https://www.dasis.samhsa.gov/dasis2/teds.htm https://www.dasis.samhsa.gov/webt/tedsweb/tabYearDotChooseYearWebTable?t_state=AK	Y	Parameter list or data dictionary available	Online public access to: aggregate data tables and national data sets with de-identified case-level data for analysis	1992-2015 (Admissions) 2006-2014 (Discharge) 2014 -2017 (Summary Tables)	Case counts are per visit, not per patient. Some states do not license private, hospital, and correctional facilities and individual practitioners

BEHAVIORAL HEALTH, ABUSE, AND DOMESTIC VIOLENCE

48	Alaska Automated Information Management System (AKAIMS)	Behavioral Health services used: patient profile, intake, screening, current status, medical encounter, discharge	Alaska Division of Behavioral Health	Michael Walker (Michael.Walker@alaska.gov) 907-269-8039 (Anchorage)	http://dhss.alaska.gov/dbh/Pages/akaims/default.aspx	Y	Parameter list or data dictionary available	Aggregate data summaries provided based on parameters of interest. Make requests 3-6 months in advance	2008 to 2017	As of 1/1/18 data entry was no longer required but some agencies continue to use it as their EHR, so some data entry is continuing
49	OCS Protective Service, Initial Assessment, and Licensed Facility data sets	Types of child abuse, perpetrator and victim demographics, placement and discharge details; injuries not detailed	Alaska Office of Children's Services (OCS)	Tim Morse (Timothy.Morse@alaska.gov) 907-465-5006 (Juneau)	http://dhss.alaska.gov/ocs/Pages/default.aspx	Y	Parameter list developed from data collection form/survey	Aggregate data summaries provided based on parameters of interest if approved, and no frequencies lower than 20	2007 and forward	
50	Alaska Longitudinal Child Abuse and Neglect Linkage Project data (ALCANLINK)	Child maltreatment, integrating data from PRAMS, CUBS, and OCS to identify the complete picture of the number of cases of child maltreatment	Alaska Division of Public Health, Women's, Children's and Family Health	Jared Parrish (Jared.Parrish@alaska.gov) 907-269-8068 907-269-4603 (Anchorage)	https://ak-mch-epi.shinyapps.io/ALCANLink/	Y	Parameter list or data dictionary available	Case data permitted only with specific authorization and in accordance with the specified data use agreement/proposal: data contain partial identifiers and sensitive information	2009 to 2011 for initial phase	This is a new pilot effort. When it becomes more established, access to data may have a fee structure attached to support ongoing data integration efforts
51	Alaska Domestic Violence and Sexual Assault data (AKDVSA)	Program participant demographics, abuse incident, and protective orders	Alaska's Council on Domestic Violence and Sexual Assault (CDVSA)	Rocket Parish (bahiyiyh.parish@alaska.gov) 907-465-4356 (Juneau)	http://www.andvsa.org/facts/	Y	Parameter list developed from data collection form/survey	Aggregate data summaries provided based on parameters of interest	2010 to present	
52	National Mental Health Services Survey (N-MHSS)	Treatment facilities by community and state. History of what services are available at each facility	Substance Abuse and Mental Health Services Administration, Data Archive	Help Desk 877-726-4727 888-741-7242 (Maryland)	https://www.samhsa.gov/data/data-we-collect/nmhss-national-mental-health-services-survey		Parameter list or data dictionary available	Online public access to case data files and aggregate data summaries	Bi-annually, 2010 to 2016	No patient demographics or facility use data are reported, just facility characteristics. Voluntary survey: nationally, 9% of facilities did not respond
